## A purpose-built, sophisticated professional standards case management platform, proven under the stringent trust, security and evidential requirements of policing and regulatory oversight.

Centurion replaces fragmented, manual processes with a single, secure and auditable system that reduces administrative burden, strengthens oversight, lowers compliance risk and enables faster, fairer and more defensible outcomes.

### What Centurion is...

- ✓ The UK's leading Professional Standards case management system.
- ✓ Trusted by all UK police forces for over 30 years.
- ✓ Purpose-built for complaints, conduct, performance and grievances.
- ✓ Single, secure, auditable system for all case management activity.

### Trusted by law enforcement

We work with all UK police forces, giving us a deep understanding of the critical role that accurate, reliable case management systems play in safeguarding the public, upholding professional standards, and maintaining organisational integrity.

Trusted by teams handling sensitive and high-risk matters, Centurion is designed to support transparency, accountability and confidence in decision-making. Our specialist team provides dedicated support, helping organisations embed best practice, protect trust, and ensure long-term operational assurance.

### Expertise, expanded

i2 Group unifies leading innovators and specialist expertise in intelligence and investigation solutions, empowering organisations to make informed decisions that help protect people and communities.

**Force Information Systems (FIS)** is a provider of secure case management solutions, with roots in Professional Standards and a proven record in high-trust environments.

 **25%**  
Case handling time

 **40%**  
Effort duplication

**300**  
Staff hours saved per annum in one team

## Proven customer outcomes

Time savings: automation removes duplicate entry and admin burden.

Faster information access: case retrieval in minutes, not hours.

Risk mitigation: real-time timeline visibility prevents breaches.

Operational efficiency: single source of truth across PSD.

Better decision-making: early identification of repeat or high-risk behaviours.

Full reporting and management information: monitor case progress, workloads and all historical case data.

## Why Centurion wins

Only system purpose-built specifically for UK Professional Standards.

Used nationally across all UK police forces - proven at scale.

Embedded alignment with Police (Conduct) Regulations.

Backed by expert, specialist PSD product and support teams.

Continued innovation, with additional expertise and experience available across the wider i2 Group.

 Since adopting Centurion, our investigation team has reduced case handling time by nearly 25%.

The system's streamlined workflows and secure document handling mean investigators spend less time on admin and more time focusing on outcomes.
